

Map Code	Class Name	Description	LCCS Category	LCCS Code	LCCS Label	LCCS Boolean Formula
1	Cultivated land with active crop	Cultivated agriculture land with active crop on it, covering more than 60% of the surface. The crops represented, are mostly spring crops (maize, sunflower), as well as fodder and energy crops (alfalfa, rapeseed). Gardens are included.	Error	11371-W4	Rainfed Herbaceous Crop(s) Crop Cover: High > 60 %	A3XXXXC2D1-W4
2	Mixed pattern of harvested arable land, bare soils and natural vegetation	Mixed land cover pattern, containing agriculture plots with no crops on it (either harvested or already ploughed), bare soils (gullies) and mixed herbaceous vegetation, containing sparse shrubs and trees. Small built-up areas might be included as well.	Mixed Class	11371-W6 // 21927-T2 // 6005-U1	Rainfed Herbaceous Crop(s) Crop Cover: Low (30 - 15) % // Open (40 - (20-10)%) Trees with Open Shrubs and Open Herbaceous Floristic Aspect: Groups of Plant Species // Bare Soil And/Or Other Unconsolidated Material(s) Scattered Vegetation: Scattered Vegetation Present	A3XXXXC2D1-W6 // A3A11B2XXXXXXF2F6F7G3F2F4F7G4- A13F9F9-T2 // A5-U1
3	Bare Rock on alpine areas	Consolidated bare surfaces as bare rock, stones and gravels in the alpine areas, at altitude above 2500 meters.	Consolidated Bare Areas	6002-P13	Bare Rock And/Or Coarse Fragments Altitude: 2500 - 3000 m	A3-P13
4	Coniferous forest	Coniferous forest with presence of shrubs and grassland in the open spaces between the trees.	Mixed Class	20614 // 21314	Needleleaved Evergreen Trees with Shrubs // Open Herbaceous Vegetation, Single Layer	A3A10B2XXD2E1F2F6F7G3 // A2A11B4XXE5F1
5	Broadleaved forest	Deciduous forest with presence of shrubs and grassland in the open spaces between the trees.	Mixed Class	20606 // 21314	Broadleaved Deciduous Trees with Shrubs // Open Herbaceous Vegetation, Single Layer	A3A10B2XXD1E2F2F6F7G3 // A2A11B4XXE5F1
6	Grassland	Grassland (predominantly natural) with presence of sparse shrubs	Grasslands	21273-12212	Medium Tall Herbaceous Vegetation with Shrubs	A2A10B4XXE5F2F6F10G3-B12
7	Mixed Forest	Mixed forest composed by a mixture of broadleaved deciduous and needleleaved evergreen trees. Presence of shrubs and grassland in the open spaces between the trees.	Forest	20606-15045	Mixed Trees with Shrubs	A3A10B2XXD1E2F2F6F7G3-E3
8	Mixed natural and cultivated (annual and permanent crops) vegetation	Mixed land cover pattern, containing open woodland, agriculture plots with active crop, and permanent crops as orchards and vineyards.	Mixed Class	20300 // 11371 // 11342-W8 // 11352-S0610W8	Open Woody Vegetation with Herbaceous Layer // Rainfed Herbaceous Crop(s) // Permanently Cropped Area With Rainfed Tree Crop(s) Crop Cover: Orchard(s) // Permanently Cropped Area With Rainfed Shrub Crop(s)// Dominant Crop: Fruits & Nuts - Grapes (Vitis vinifera) Crop Cover: Orchard(s)	A1A11B1XXXXXXF2F4F7G4F1 // A3XXXXC2D1 // A1XXXXC1D1D9-W8 // A2XXXXC1D1D9-S0610W8
9	Mountain grassland	Natural grassland at altitude above 1500 meters. At altitude close to 2500 meters, the grassland opens spaces for bare rock and other consolidated materials.	Mixed Class	20193-P3 // 6002-P3	Herbaceous Vegetation Altitude: 1500 - 3000 m // Bare Rock And/Or Coarse Fragments Altitude: 1500 - 3000 m	A2A10B4XXE5-P3 // A3-P3
10	Urban Areas	Urban Areas	Built Up Areas	5003-9	Urban Area(s)	A4-A13
11	Water Bodies	Natural and artificial waterbodies	Mixed Class	8001 // 7001	Natural Waterbodies // Artificial Waterbodies	A1 // A1
